

YOUR SUPPORT IN ACTION

WAR FOR OUR HOME

EMPOWERING IDF SOLDIERS ON THE FRONTLINES OF HUMANITY

URGENT NEEDS

Since the devastating, barbaric attack on October 7 perpetrated against the people of Israel, the soldiers of Israel Defense Forces (IDF) have been plunged into the very real nightmare of war. Swiftly mobilizing an unprecedented number of soldiers and reservists, the IDF has relied upon the loyal support of Friends of the IDF (FIDF) to meet the immense, emergency needs of its soldiers as they fight for morality, our homeland, and our future.

IDF PRIORITIES

FIDF is the sole designated partner in the United States with direct, daily communication with the IDF to understand and respond to its soldiers' greatest needs. As such, FIDF donations are supplying IDF soldiers with what they need most, and is the fastest, most direct channel to reach the largest number of soldiers across all units.

YOUR DONATION

FIDF supporters have stepped up without hesitation to help Israel's courageous soldiers in every possible way, including financial contributions of tens of millions of dollars, 100% of which FIDF has used to fund these critical needs. Thanks to you, we have been able to meet the IDF soldiers' needs within 24-48 hours of their requests.

ULTIMATE IMPACT

The critical work that your dollars propel into action is wide and far-reaching. FIDF support so far has provided a gamut of life-saving medical equipment and supplies, search and rescue necessities, essential well-being needs, emergency aid to Lone Soldiers, support to wounded soldiers and, tragically, to the shocking number of grieving families of newly-fallen heroes.

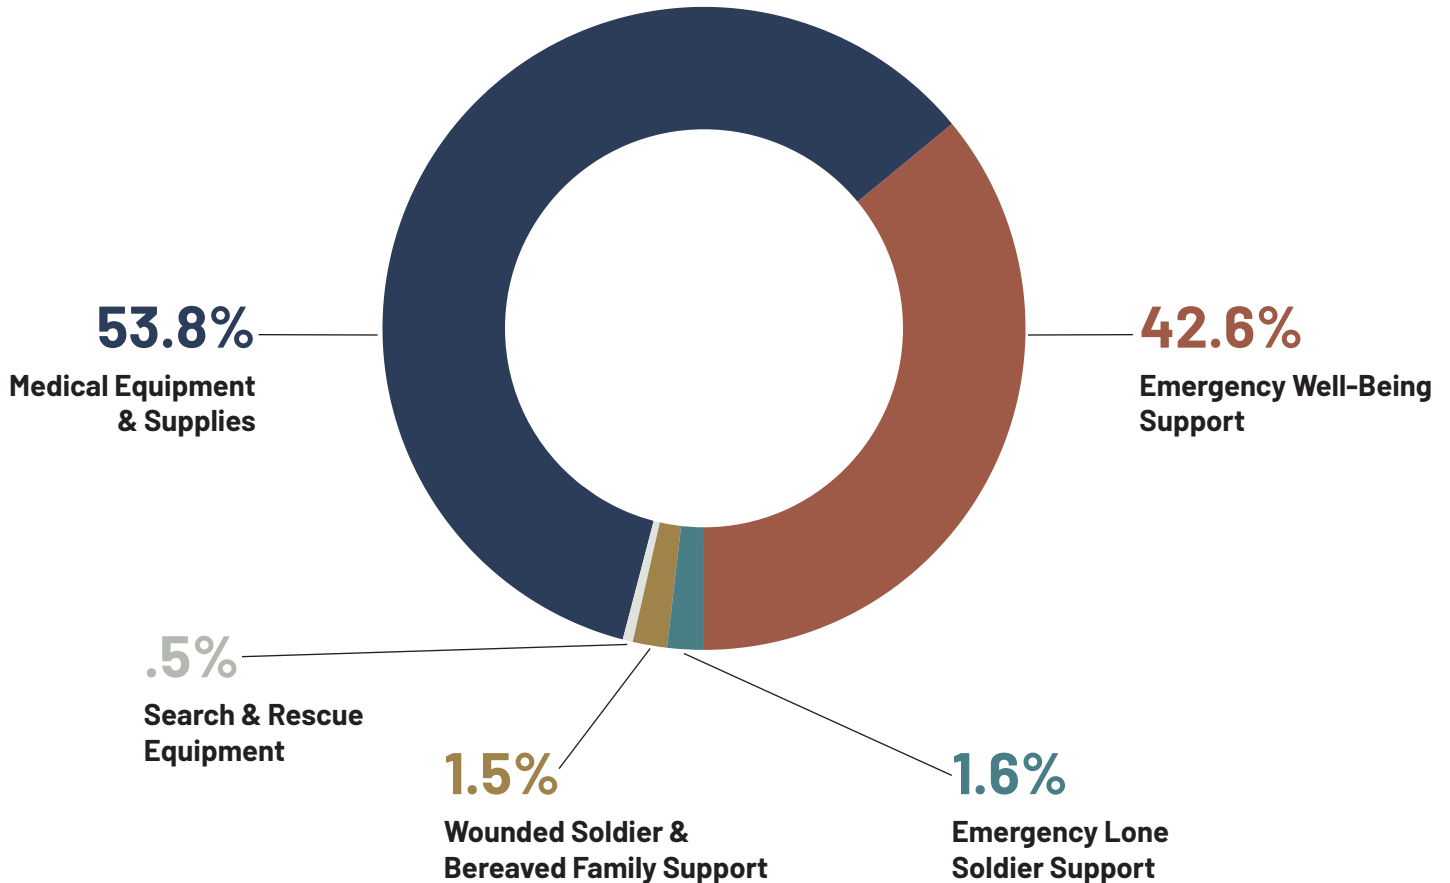

Thank you for your timely support that has empowered the protectors of the State of Israel to fight terrorism and evil with unwavering courage and fortitude.

To date, FIDF has transferred

\$50,000,000

As the soldiers' needs evolve, FIDF will continue to stand with them every step of the way, as our homeland, values, and existence are at stake. We will partner with them to reinstate security and rebuild hope.

Medical Supplies, Bereaved Families, Ambulances. Field Hospitals, Medical Supplies, Ambulance, DNA Analyzers, Hygiene Kits, Support for Wounded Soldier Rehabilitation, Ambulance, Field Hospitals, Medical Supplies, Ambulance, DNA Analyzers, Hygiene Kits

THANK YOU FOR MAKING A FRONTLINE DIFFERENCE

\$26,000,000

MEDICAL EQUIPMENT & SUPPLIES

Medical equipment and supplies include life-saving field hospitals that can deliver complex medical care and enable doctors to perform emergency operations, all while in the field. FIDF donor contributions have paid for operational ambulances, including intensive care ambulances. FIDF funds have furnished warehouses of medical supplies, including portable x-ray machines, ventilators, and blood warmers. We have provided life-saving plasma for the thousands of civilians and soldiers treated by IDF first responders, along with a myriad of other essential supplies.

\$222,000

SEARCH & RESCUE EQUIPMENT

Search and rescue necessities funded by donor contributions include DNA analyzers that give countless families of fallen heroes comfort in the expedient identification of their loved ones. Hundreds of GoPro cameras financed by FIDF donors have also played vital roles in the identification of missing friends and family members.

\$800,000

EMERGENCY LONE SOLDIER SUPPORT

Lone Soldiers, those in the IDF with no family in Israel to turn to for support – sometimes new immigrants, volunteers from abroad, or individuals from broken homes – have required additional emergency support during this war, above and beyond the over \$5 million annually that FIDF already provides. Through “Operation Hug,” Lone Soldiers benefit from complimentary flights that bring loved ones to them during their military service.

\$21,000,000

EMERGENCY WELL-BEING SUPPORT

Well-being support of our defenders cannot be underestimated. Such essentials include basic human needs as personal hygiene kits, hundreds of thousands of towels and clothing items, underwear, and thermal clothing. These essentials can make all the difference for combat soldiers during this war. Spiritual needs are also met with supplies of Tzitzit, Torah scrolls, and other items. Select financial support for families of soldiers in FIDF's adopted brigades assists urgent situations for those who may otherwise rely on the income of their loved one who is serving. FIDF's 24-hour recharge sessions give 300 soldiers at a time a necessary break from combat.

\$750,000

WOUNDED SOLDIER & BEREAVED FAMILY SUPPORT

Wounded soldier and bereaved family support is unfortunately a necessity for some in military service, and the brutality of the current war offers no exception. FIDF contributions have provided hundreds of care packages to wounded soldiers. Financial assistance has helped bereaved families, some of whom lost everything, including their loved ones, possessions, and homes, with immediate necessities such as shelter, food, and basic essentials. We have also provided hundreds of laptops to orphans and siblings of fallen soldiers to stay connected to family and friends. Tragically, FIDF has also funded a necessary funeral vehicle to transport fallen soldiers to their final resting place.

THEIR JOB IS TO LOOK AFTER ISRAEL. OURS IS TO LOOK AFTER THEM. fidf.org
